FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF SECRETARY

Re: TKR Cable Company - FCC Rate Regulation Impact Survey

Dear Sirs:

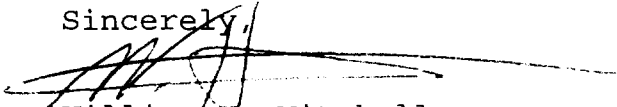

TKR Cable company has completed the FCC Rate Regulation Impact Survey for the Elizabeth, Hamilton, Long Beach Island, Rockland, Tri-System, Warwick, Wildwood, Greater Louisville, Northern Kentucky and Southern Kentucky systems.

Enclosed for filing on behalf of TKR Cable Company, are the following items:

- a) Computer disk (survey);
- b) Hard copy of the information contained on the computer disk; and
- c) Exhibit binder containing rate cards and channel line ups for the respective systems from 4/5/93 and 9/1/93.

If you have any questions please contact me at (908) 356-1530.

Sincerely,

William H. Mitchell
Senior Vice President of Finance

enc.

c: Paul Freas, President, TKR Cable Company

TNR CABLE WILDWOOD

SEP. 24 '93 15:06

Two channels a-la-carte:
 .70 plus \$1.50 equipment = \$3.20 per month
 Three channels a-la-carte:
 \$2.55 plus \$1.50 equipment = \$4.05 per month

When ordering the complete package you save!
Value Plus Package: \$2.50 only...and no equipment charges!

If you are a current Entertainment Package customer, you do not need to do anything. You will continue to receive all 36 cable channels. The cost of Value Plus will be itemized on your bill.

If you are interested in ordering a specific a-la-carte channel, please call us so that we can install the necessary equipment and insure the proper billing.

Once again, the most economical way to receive these channels is through our Value Plus package, priced at \$2.50, with no additional equipment charges.

Q: Will my rates change?

A: One of the many elements of the new cable law is the establishment of FCC standards for calculating basic cable rates. Under the new standards some cable customers will benefit with reduced rates, while others may see an increase. Based on the new standards, TKR Cable will be implementing a Standard Basic Cable rate of \$21.98 per month for 32 channels. Please see rate chart in this brochure for complete information. These monthly rates will be effective August 31, 1993.

Q: Will my bill change?

A: Your next cable bill may not reflect these very important changes due to computer billing cycles. If it does not, we will be adjusting your following month's bill to reflect the changes which becomes effective on August 31, 1993. Please be patient! The new cable law is transforming the way we conduct business. While complying with the new law, we are working hard to minimize any inconvenience to you. If you have any questions, please call our offices.

Q: Will I continue to receive FM channels?

A: As of October 6, 1993, FM Services will no longer be available. However, there is a new service we are looking to possibly introduce in 1994 called DMX

(Digital Music Express), which brings to your home or place of business 24 hours of individually formatted CD quality music channels. There will be a monthly fee for this service. If you are interested in receiving this service, please contact us.

Q: All this sounds expensive and complicated. Who will pay for this process, reviews, and the ongoing, overseeing of these ratings?

A: Every taxpayer in the United States. It is also possible that cable customers will be affected directly.

Let us explain. Taxpayers fund the FCC. This government agency has an annual budget of \$129.9 million. An approximation of \$12 million has been requested to begin implementation of the 1992 Cable Act. James Quello, the acting FCC Chairman, has also proposed a Cable User Fee of \$16 million to cover regulatory costs.

It has been estimated by the FCC that regulation will cost between \$20 and \$50 million every year. Cable caseloads could exceed those of all 50 Public Utility Commissions combined. The FCC will need approximately 240 new employees including attorneys, accountants, and economists. All to administer this new cable act process.

Please take the time to read this brochure for additional information on rates, discounts, and other services we offer. We thank you for your continued patronage, and be assured that we are working hard to remain the best choice in home delivered entertainment.

The FCC is currently reconsidering numerous areas of these new rules. A number of the rules are also presently being challenged in the courts. The result could lead to more changes.

TKR will keep you fully informed on new developments.

As always we invite your questions and comments. Call 522-8183, or out of state call 1-800-522-8571.

TKR Channel Line-Up

NOTE: This is a tentative channel line-up. It is subject to change without prior notice as final negotiations with broadcasters are completed.

VALUE PLUS PACKAGE — Pending outcome of negotiations, after October 6, 1993 service may be dropped.
 PREMIUM SERVICE

"What's going on?"

an explanation of
the new cable regulations

Last November, Congress passed The Cable Television and Consumer Protection Act of 1992. This set into motion new restrictions which are still being reviewed and interpreted. While TKR will comply fully with this new law, we are deeply concerned for our customers, our company and our industry. Present and future interpretations of the Act will be overseen and enforced by the FCC (Federal Communications Commission). It is an enormous and costly responsibility. Ultimately, we all as taxpayers, cable customers or not, will together bear this new financial burden.

There are many changes which have been set into motion. We will try to keep you completely informed during this process and we sincerely regret any inconveniences you may experience.

Some of the changes which you will see are:

- The channel line-up.
- The channels and programming carried.
- The overall look of your cable bill.
- Rates for standard basic service.
- Rates for equipment and installation.

These are further explained on the following pages.

TKR has always been dedicated to providing you with quality cable service. Our customer guarantees and our community involvement attest to our ongoing concern for our customers.

In a shore community like ours, we're used to weathering difficult storms together. This is one more.

Peter Berkowitz
General Manager

Questions & Answers on the new rates and regulations

Q: What is "must carry" and how will it affect my cable service?

A: You will notice changes in your channel line-up due to the "must carry" provision in the new law. Local television stations that request carriage, are now guaranteed a place on TKR's channel line-up. On October 6, TKR Cable is required to add the following television stations to our channel line-up: Channel 40 (WVGM); Channel 53 (WVAC); Channel 61 (WTGL-Telemundo) and Channel 65 (WHSP-Home Shopping Network).

To make room for these stations, TKR Cable will move the following channels: CNN 2 (Headline News); AMC; MTV; VH-1 and C-SPAN.

Your new channel line-up is enclosed.

Q: What is "retransmission consent" and how will it affect my cable service?

A: Another aspect of the new law which will affect your channel line-up is called "retransmission consent". TKR Cable must obtain the written consent of some "local" television stations, in order to carry them on our channel line-up. If TKR Cable does not obtain the written consent of the following "local" television stations by October 5, TKR Cable/Wildwood will not be permitted to carry these stations:

- | | |
|---------------------|---------------------|
| • KYW - Channel 3 | • WPHL - Channel 17 |
| • WPVI - Channel 6 | • WTXF - Channel 29 |
| • WCAU - Channel 10 | |

TKR Cable is presently negotiating with these stations, in an effort to obtain their written retransmission consent. In the event that consent is not given, TKR Cable will replace these stations. However, as a cable customer you may continue to receive these "local" television stations by using an A/B switch and a sufficient antenna. We apologize for any inconvenience caused by the new federal law.

A: The new law has changed the structure of how TKR Cable can charge for cable equipment. Effective August 31, TKR Cable will implement the following

monthly converter charges:

- Each Std. (Brown) Converter .20¢ per month
- Each Std. (Brown) Converter w/ Remote Control .20¢ per month
- First Premium (Black) Converter FREE
- Each additional Premium (Black) Converter \$3.24 per month
- Each Premium Remote Control w/ volume .35¢ per month

**Due to limited availability the "Brown" Converter with remotes will be issued on a first come, first served basis, until all are gone.

If you have a "cable ready" tv set, and don't have additional services, you may not need a converter. You may return this equipment to TKR Cable to avoid unnecessary converter equipment fees, and start saving today on your TKR Cable bill.

NOTE: Not all "cable ready" tv sets will work with a converter. Please call with any questions.

Q: What is the charge for additional outlets?

A: The new law eliminates the additional outlet service charge. It does however, establish separate wiring charges for each cable outlet, including the primary outlet. Effective August 31, 1993, the new per outlet wiring charge will be one cent (1¢) per month.

Q: What is Value Plus?

A: TKR Cable has a new service, designed for customers who want a choice in ordering a select cable channel or group of channels. We are offering these channels, listed below, on an a-la-carte basis (pay per channel), or as a complete package called Value Plus. The monthly a-la-carte price is .85¢ per channel, plus an equipment charge of \$1.50 per month. For the best buy, order all 4 of these channels, as a package, for the low price of \$2.50 per month, and no additional equipment will be needed. The channels available a-la-carte or in the Value Plus package are: The Disney Channel, TNT, AMC and The Discovery Channel.

Q: How does Value Plus work?

A: When ordering a-la-carte, you will pay as follows:
One channel a-la-carte:
.85¢ plus \$1.50 equipment = \$2.35 per month

REQUEST

GET 1
**FREE
MOVIE**
EVERY MONTH

With the right request, you can receive a free movie every month. The right request is FREE.

REQUEST PAY PER VIEW, SHOWTIME, TKR, Cinemax, PRISM or ENCORE. If you don't subscribe to any of these premium services, call TKR for details on how you can receive REQUEST PAY PER VIEW events and movies.
